Scouting America launching Multisport merit badge; here are the requirements

Multisport, an athletic competition that features a combination of two or more sports, is now a Scouting America merit badge.

Scouts BSA members, along with Sea Scouts and Venturers who have earned the rank of First Class in a troop, may begin work on the merit badge beginning in March 2025, when the pamphlet becomes available at local Scout Shops and at ScoutShop.org.

The Multisport merit badge allows Scouts to combine two or more activities from the sports of swimming, biking and running.

The Multisport merit badge and its accompanying pamphlet were made possible by Distinguished Eagle Scout and Silver Buffalo recipient [Dave Alexander](#), an [accomplished multisport athlete](#) and [longtime supporter of Scouting America](#).

Much of the content and photography was supplied by [USA Triathlon](#), the national governing body for triathlon, duathlon and other multisport events in the United States.

“Multisport has been a major part of my life,” says Alexander. “The people I have met through triathlons are multifaceted, and they tend to be very successful in their lives. I would like to see more young people involved in multisport because of what it did for me in my life and what I’ve seen it do for others.”
